GENERAL

Is there free tolerance time?
Yes, the first 30 minutes in most zones. You still need to tap "INICIAR".

What if I forget to end it?
It keeps charging until $0 or until paid hours end.

How do I check for a fine?
Menu (three lines) → "Mis Infracciones".

Does the balance expire?
No, it stays saved in your account with no expiration date.

COMMON ISSUES

The app closes or fails?
Take a screenshot showing your phone's time as proof for claims.

I added balance but it's still $0?
Wait a few minutes or reopen the app. Don't add balance again to avoid a double charge.

How do I make sure I won't get fined?
Wait to see the green "active" sign before putting your phone away.
